Link Solutions, Inc. receives ISO 9000 Certification

Reston, VA – August 14, 2009 – Link Solutions, Inc. (LSi), a rapidly growing provider of high-end solutions to the federal government, announced today that it has received International Standards Organization (ISO) 9001:2008 certification.

ISO 9001 is known as an international quality management standard, maintained by the International Organization for Standardization and is administered by accreditation and certification bodies. The internationally accepted ISO 9000 series of standards were written to provide a consistent basis for understanding requirements relating to product and service quality and to provide guidelines to assist organizations implement and operate quality management systems. Certification to an ISO 9001 standard demonstrates a high effectiveness of business processes, continual improvement of the quality system and customer satisfaction with provided services.

“Achieving ISO 9001:2008 certification is an important milestone for LSi. This certification illustrates to customers our strong commitment to quality at all levels of our organization.” said Bhupesh Wadhawan, Founder and CEO. “Customers want to be confident that they are doing business with an organization that can meet or exceed their needs in a timely manner. Successfully completing the rigorous process required for certification is a clear sign that we are devoted to continually improving our quality management systems.”
