**Link Solutions, Inc. Names Steve Walker as Executive Vice President for Operations**

**Reston, VA – December 18, 2008** – Link Solutions, Inc. (LSi), a rapidly growing provider of high-end solutions to the federal government, announced today that it has appointed Steve Walker as Executive Vice President (EVP) for Operations. Mr. Walker will be responsible for the day-to-day operations and growth of LSi’s contracts, and will report to Mr. John Barrass, President and Chief Operations Officer.

“Steve, John and I have many years of experience of working together to take care of our employees, partners, and customers. I am thrilled to have Steve join our team and together, I’m quite optimistic on our sustained growth potential,” said Mr. Bhupesh Wadhawan, LSi’s Chief Executive Officer and Founder.

As EVP for Operations, Mr. Walker will be responsible for managing the day-to-day operations for LSi’s contracts and ensuring customer satisfaction and superior service delivery. He will lead the support to LSi’s customers, develop solutions for customers using LSi’s existing contract vehicles and selectively pursue new opportunities, in concert with Mr. Barrass and Mr. Wadhawan, to achieve company growth.

“LSi is a protégé of my former company, and in working with LSi, and with John and Bhupesh for the past several years, I can clearly see the commitment to performance excellence of the company and the tremendous potential for growth. LSi will expand and win many competitive procurements, and I’m excited to be part of this team and contribute to making this happen,” said Mr. Walker.

Over his 30-year career, Mr. Walker has had extensive experience in all aspects of operations management and business development to provide systems integration for the Government. His skills span the breadth of technical and business functions, providing effective leadership and results-based performance management. His division at his former company was the first in the US to achieve ISO 20000 certification for IT Service Management.

Mr. Walker holds a master’s degree in business administration from Penn State University and a bachelor’s degree in computer science, also from Penn State. He most recently served as Vice President for a large division at CACI and has managed multiple contracts for the Department of Defense, Department of State, Department of Homeland Security, and several agencies supporting the White House.

**About Link Solutions**

Since 2006, LSi has provided the U.S. government with mission critical solutions — supporting our employees and Partners as an engine to drive the support to customers’ missions. Solutions are developed in our core competencies of information technology, security solutions and Business Operations. Headquartered in Reston, Virginia, LSi is committed to ensuring repeatable processes with high-quality, low-risk results for our customers.
